Marathon Petroleum Corporation	MPC	26-Apr-23	Annual	Shareholder	9	Report on Just Transition	Against	For	We are supporting this shareholder proposal calling for a report on the social impact of the company's climate strategy consistent with Just Transition guidelines developed by the International Labour Organization, which we believe will go further than the company's recently published report on the issue. Additional disclosure helps investors better assess how environmental risks can affect a company's activities, employees and longer-term financial results.
Marathon Petroleum Corporation	MPC	26-Apr-23	Annual	Shareholder	10	Report on Asset Retirement Obligation	Against	For	We support this shareholder proposal asking the company to incorporate climate risk assessments in its audited financial statements. We believe climate change poses a range of material risks, especially to companies in high-emitting sectors. As such, enhanced disclosure on potential financial impacts would provide investors with additional information to assess related risks and opportunities. This resolution is aligned with the expectations and goals of the Climate Action 100+ engagement.
