Canadian National Railway Company	CNR	02-May-25	Annual	Management	4	Management Advisory Vote on Climate Change	For	Against	BCI has a strong commitment to address climate change with portfolio companies. It is our expectation that management have a climate strategy that is approved by the Board and that details are provided to shareholders. However, BCI does not support reducing the complex exercise of evaluating transition plans to a simple advisory vote. In instances when a company's approach to managing climate risks and opportunities does not meet our expectations, we will direct our votes to the appropriate board directors.
